FINE PORCELAIN WITH ALUMINA

The unique formula creates one of the strongest ceramics in the world, featuring an optimal level of added **ALUMINA** and the highest quality fine porcelain clay. A sophisticated collection designed for exceptional performance.

Conforms to BS4034 Quality Standard- Every piece is subject to rigorous quality checks to ensure product quality
Fully Vitrified- Low water absorption, more hygienic protection against bacterial growth and improved heat retention properties

Microwave, Dishwasher, Oven & Freezer Safe- Perfect for heating and cleaning requirements, and protection against damage caused by thermal shock and temperature fluctuations

Perfection for Quality

REACTIVE GLAZE FORMULA

Combined with high temperature firing, results in no two pieces looking exactly alike and colour intensity variations from piece to piece, creating a truly distinctive look

HIGH TEMPERATURE FIRING

The twice firing process, up to 1320°C, ensures each product is strong and durable.

POLISHED FOOT

Reduces damage when stacked and stored

ROLLED EDGE

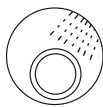

More durable and functional for added chip resistance in busy kitchen environments

5 YEAR

GLAZE FINISH

Inspired Design

This collection specifically developed to enhance the colour values and tones of food to make dishes even more appealing and perceptibly more flavourful. The rich neutral colour provides a deep contrasting platform, which works as a natural base to bring out the best in quality food presentation.

Each piece of Craft is individually hand decorated, so no two pieces will be the same. Further magic happens in the kiln as the glaze reacts to produce beautiful and random textured effects.
